Returning unsigned and vetoed two orders re:
Somerville Community Development Block Grant,

137701

January 16, 19^1

The Honorable, the Board of Aldermen
City of Somerville
Massachusetts

Gentlemen:

Recently, your Honorable Board passed two Ordinances regarding O.P.C.D. Program administration. One provides authorization for the City to submit to HUD the F.Y. 19^1 application and includes an amendment directing a sum of funds to be expended for traffic and parking studies in Teele and Magoun Square. The other provides that no CDBG funds be authorized for any SUN-CDC project.

I have had Paul Garrity, our HUD exchange lawyer, research these Ordinances in detail. His legal opinion is that the Board of Aldermen's powers relating to CDBG programs exist only regarding the authorization to submit application to HUD. The Board of Aldermen can provide such authorization or withhold it per 24 CFR 570.307, The Board of Aldermen cannot amend the application but can request the Mayor to revise the application. Therefore, the amendment to the submission authorization and the Ordinance relating to SUN-CDC are not binding. Per HUD regulations and agreements with the City, the Mayor is the designated authority to manage federal CDBG funds appropriated by Congress and administered by HUD. Federal regulations provide the structure and define the responsibilities for managing CDBG funds.

Therefore, for the above mentioned reasons, I must veto this Ordinance.

William J. Donaway

However, prior to the amendment to the Ordinance authorizing application submission, and at the request of Aldermen Puglia and Macaluso, I had instructed the Office of Planning and Community Development to undertake necessary studies to evaluate off-street parking opportunities in Teele and Magoun Squares. Funds have been reserved for this purpose, should resources beyond those currently available in-house be required. Thus, on this matter, the wishes of your Honorable Board have been accepted.

Respectfully yours,
Eugene C. Brune
Eugene C. Brune
Mayor
